from Claude Bunnell's data base

From the Editor: We have had a great response to the newsletter, we appreciate your comments, complaints and your praise. Hearing from you is the only way this will be the newsletter you want it to be. And thank you everyone who have sent us your group sheets, pedigree charts and direct line charts and your family information to print and to file. (Are yours here?)

I hate to repeat the January comments, but my 'blasted' computer died again in March, just after writing 10 pages of the April newsletter on it. The power supply burnt up and had to be taken apart by 'experts'. I ended up putting the newsletter together on my old computer - which works good enough, but had to start from (scratch) page one! We were able to save the hard drive and then my nephew, Larry Lee, son of a Bonnell, combined my two computers - the 386 and my three year old 486 to make one - and the 'experts' said it was worth about \$ 150 total! Wish I could *buy* them for that. I am searching for a laptop now to take on RV trips. Let's hope this is the last 'down-time' for the newsletter! What would I do without these young guys on the computers. Thanks 'Lil Larry and Dean..... again!

We need input from you for the new column on *helpful sources for research* (see page 11-12) We have a couple of subscribers who have written books on the Bonnell/ Bunnells - they are listed, and if you get the chance, take the time after reading, to check out the bibliography for great sources, (*see in newsletter - Books & Sources*) *New Publishing date see pg 12.*

GOOD NEWS! Honorable Mention: Our January 1997 Newsletter was submitted to the "Family Tree" newspaper at the 'Ellen Payne Odom Genealogy Library' in Moultrie, GA. for their annual Newsletter contest. Though we didn't win a trophy, we did receive a certificate for "*Surname Societies, Overall Excellence Honorable Mention.*" So, with all your input, we did **GREAT!** Some of the comments they mentioned we had already addressed by the second issue:

Letter from one of the judges: "*Congratulations on becoming Editor! You have put a world of info into this first issue. Will you be so fortunate every issue as to have this much material? Perhaps you can balance amount of material w/ease of reading as lime goes by - some of the print is pretty tiny. Does "Claude" answer queries through you? I assume your readers are more familiar with him than I am and that they understand the constant reference. Good luck to you. VDH*"

INDEX to Information Received: *Exchanging Information:*

As I receive subscriptions, there are also letters or queries on different lines. As I find the same names, with the help of *Teri Bonnell*, sister-in-law, and good friend, who has offered to help me. We will try to alert others tracing the same names in the line and urge them to contact each other for exchanging information.

Research Gathered', INDEX; in each issue, so you can contact the newsletter, or the compiler of the information. I would like to encourage subscribers to contact each other and share information. There is an enormous pile of gathered information in our files that did us little or no good, but may be a major breakthrough for someone else.

Sharing Research Information: We all have research we have collected over the years that didn't help us, but may help others in their research. *Claude Bunnell* has a very large data base full of Bunnells of every spelling that he has collected over the years and has used proven sources, such as birth, death and marriage, etc. He has generously offered to answer queries for us and share his information. He asks that you *send him proven sources of Birth, Death, Marriage, etc. to add to his research for sharing with the rest of us. Send queries to me, I will print them in the newsletter and forward them to him. He will*

send you (and me) a copy of his answer. But.....the query is for all of us to try to answer and add to, if we can. If I receive the answer in time, I'll print it with the query.

PEDIGREE CHARTS

If you have a Bonnel/Bunnell, Bumell, all spellings, in your line. **please send me your pedigree chart** to add to my files and I can shrink them down and print some each month in the newsletter. Since we aren't all up on geography - please also add the *state*, not just city and county when sending in ANY information to the newsletter. **Be sure to put your name & address on ALL pages sent to us.** The only way there will be room enough for all we wish to be included, without raising the cost of the paper, is to shrink some of it down before printing. If it is too small, take that page to a copy center and have it enlarged - or complain to me, and we will put less in the paper. But please send in the charts for my files.

QUERIES:

July 1997

Queries are **FREE** to subscribers. (10 cents a word, \$4 minimum for non subsc.) Keep them brief, they will be published as received and as room permits. *Claude Bunnell will be sent all queries to check in his database, but -we want readers to also add to the answers here. Please feel free to write the addresses at the end of the query or the newsletter with your reply.*

23. BUNNELL, BYGOTE

Does anyone have info on the first Thomas BUNNELL 1550-1607 as to his marriage and his children? Was his 1st wife unknown and was his 2nd wife Jacqueline BYGOTE? When did 2nd marriage take place? Some have listed the year about 1594 which would make Thomas's son Benjamin if birth date of 7 Jan 1589/1590 in France son of 1st wife. I would like names and dates of Thomas's children by his two wives if anyone has this. I have some bom in France & some in England and would like to know which is correct. I know there hasn't been much proof on this family and mostly comes down to preponderance of evidence, but all have to start somewhere. Does anyone have a copy of Thomas's will 1607 England^ Gladys J.. Treadway, 2815 Hillside Court, Rettendorf, IA 52722-2915 F.-Mail address: charles.treadway@juno.com

24. BONELL, BONNELL

Anyone heard of these Bonells, Bonnells? " Christ the King - (Church in Puyallup, WA) James and Fred BONELL, brothers of the Rev. Henry BONNELL who first served the church at it's inception, settled in Puyalilup with their families and discovered the little locked church on what was the called Rainier Street. They cleaned it for the occasion of their children's baptisms and asked the few Episcopalians they had found in the town to join them. From that point regular worship was resumed and the church grew slowly and steadily during the early 1900's." from a book at the Church. Carole Ronnell - editor.

25. BONNELL - book

Oliver Hartley BONNELL (*born BUNNELL*) born in Moncton, New Brunswick, Canada came to US in 1878 through MN to Miles City, MT., lived in Chamberlain SD and Livingston MT He owned an Indian Trading post in Chamberlain SD where he is said to have. published a book on the Sioux Language and its translation including something of their 'sun dance'. Has anyone seen this book -I do not have a name, but would be authored by Oliver H Bonnell between 1890-1920, probably in SD maybe MT. He owned a threshing machine, ranched in the Chadbourne area of the Shields valley of MT for 30 yrs (near Livingston). He died in I.livingston MT 1940. Carole Bonnell - Editor

Daniel BUNNELL, son of Isaac, was bom in 1772. he moved with his parents from Connecticut to New Brunswick, Canada, during the American Revolution. He married **Emma Sprague**, said to be one of the first white women to land in Penobsquis. NB.

Page 31 " The Story of Sussex and Vicinity" New Brunswick by Grace Aiton; he is listed on the Assessment of the Parish of Sussex Vale for the year 1800. Same reference, page 34; "Daniel BUNNELL (Bonnell) Of Huguenot origin. He was born in NJ and served as an officer in the Prince of Wales American Regiment. He settled in Digby, Nova Scotia and later came to the Kingston Peninsula. Later generations lived in Collina, Millstream and Sussex, NB.

Children and spouses from Miss Ethel BONNELL, Portland, Maine. She also has the names of Crandall's children. The following from Miss Bonnelli;

Daniel Bunnell is the eldest son of **Isaac and Jerusha Bunnell** a deed registered in Hampton on the 27th of July 1814 as No. 3010 in book V-1, page 418 which disposed of lot No. 6 at Clifton. It has the signature of all his brothers and sisters and recites in part; "and whereas our said brother Daniel at the time he conveyed the said lot to William Frost had the care and charge of our father's family upon him and did what was in his powet toward the support and maintenance of the same and did convert the purchase money for the said lot to our use and benefit" This lot 6 had previously been conveyed; **Daniel Bunnell** and his mother **Jerusha Dugan** in 1799, book G-1, page 91.

There are a number of conveyances by **Daniel Bunnell** and his wife **Emmy**, commencing with the east half of lots 4 and 5 at Lower Millstream in 1800 and later in the Penobsquis area. He apparently moved to Penobsquis shortly after 1800 and he and his wife are buried in the Pioneer Cemetery, there.

Charles Putnam sent information of first marriage about 1795 to --- **McLeod**. Charles has a deed dated June 1800 with **Daniel und Emma Bunnell** selling 400 acres of land at Lower Millstream that was originally granted to two **McLeod** brothers. This would explain (if **Daniel** had married a **McLeod**) how he ever got possession of this land for which there is no record of his having purchased. Place of death for **Daniel** from Charles Putman, also info on names of parents of his first wife.

Daniel Bunnell was nineteen years old at the time of his father's death in 1791. Being the oldest son, he and his mother were the ones who became responsible for his younger brothers and sisters. In 1793 his sister, **Jemina (Bunnell)**, married **Benjamin Keistead** and left to start her own family. Soon afterwards another sister, (**Jerusha?**) apparently married **John McLeod** as his second wife. About this time **Daniel's mother (Jerusha Sherwood Bunnell)** married **James Dugan** and it is believed that the other brothers and sisters went to live on land assigned to **Mr. Dugan** where he had built his house, this property being finally granted to him as part of Crown Grant # 767 dated 26 April 1815, Lot # 4 of 300 acres described as lying and being on the Northwesterly rear of the Mill Stream Grant to **William McLeod** and Associates within the Parish of Sussex in Kings County, New Brunswick (Canada). **Daniel Bunnell** is also, at his time (about 1795) married to a daughter of **William McLeod, Sen.** and he went to live with his wife on the McLeod grant. **Daniel Bunnell** was a carpenter as was his brother **Isaac, Jr.** and he had become a millwright and was at this time constructing mills on the Studholm Mill Stream. His wife died after the birth of their son **Samuel**, and the child died soon afterwards. **Daniel** then married, before 1800, **Emma Sprague**, (pictured) and on 12 June 1800 **Daniel** and **Emmy** sold the land he had received from the McLeods, amounting to 400 acres and consisting of the eastern half of lots # 4 and 5 at Lower Millstream.

This Land had originally been granted to **William Jr and Robert McLeod**. Previously (in 1799) the land that had been granted to **Daniel's father'** had been sold. With that, **Daniel and Emma** move to the Sussex Upper settlement (Penobsquis) where the **Sprague. family** had settled.

Being a millwright, **Daniel's** work was beginning to take him far afield and it was most convenient for his wife to be located near members of her own family. We note that **Daniel** was named a Freeman of St John in 1806 which is an indication of how his work kept him away from his home. He nevertheless maintained his home and that of his family in the Penobsquis area.

Upon his death he was buried in the Pioneer Cemetery which is located between Sussex Vale and the Upper settlement of Penobsquis,

Daniel Bunnell, Jr., son of **Daniel and Emma (Sprague) BUNNELL** married in 1832, **Emma GRAVES** at Sussex, NB by Oliver Arnold, Rector of the Anglican church at Sussex before Baptist ministers were authorized to perform marriages. The witnesses were **John GRAVES and LeBaron GRAVES**.

From book Z-1 page 76, of Kings County deeds we find that **Daniel Bunnell Jr.** of Sussex purchased on 11 April 1838 from **John and Susanna Taylor** 300 acres of land near Penobsquis on the south Branch of the Kennebecasis River. In book D-2 page 233 we find that he sold the property of **John McLeod, Jr.** this latter deed was recorded in July 1842. Possibly the death of his father and that of his wife may have had something to do with the decision to sell the property.

Emma Bunnell, daughter of **Daniel & Emma Sprague Bunnell** married **Daniel GODDARD** 10 May 1831 in Albert County NB Canada. **Daniel Goddard** was one of a group of 9 persons to receive Crown Grant # 825 dated 17 August 1816 covering a tract of Land in Sussex Parish (now Cardwell Parish) in Kings County, New Brunswick. It is located on what is described in the grant as the southwest Branch of the Salmon River (known today as the Kennebecasis River). The tract is described in the grant as divided into 10 lots of which lot # 6 was left ungranted.

Daniel Goddard, and his brother **Peter**, received lots numbered 4 and 5 of 200 acres each. Lot 3 of 400 acres was granted to **Giles Goddard**, the father of **Daniel and Peter**. The actual amount of Land of these grants was 10% more than the amount indicated, the excess being in allowance for roads through the grants and for waste land.

actual amount of Land of these grants was 10% more than the amount indicated, the excess being in allowance for roads through the grants and for waste land.

All three lots provided to be well wooded and adaptable for fanning. Within a few years, a road was built southward through them paralleling the river. From this road another was built running to the east along *Daniel Goddard's* southern boundary and on to Goshen Settlement. As the area became populated *Daniel Goddard* gave a deed of part of his property to the local school district # 21 for land on which to build a school. He also gave a deed for land for an adjunct to the United Baptist church at Penobsquis which included land for a cemetery. In 1916 this mission separated to be the South Branch Baptist Church. *Daniel and Emma (Bunnell) Goddard* made their home on their grant and all of their children were born there.

On 9 June 1874 *Daniel and Emma (Goddard)* sold 50 acres from the grant to their son, *John C Goddard*; on 1 January 1875 they sold 80 acres each to their sons *Daniel W. , Jr.* and *Titus Goddard*. *Daniel Goddard, Sr.* died on 2 Mar 1876 and is buried in the Baptist churchyard which is located on his original grant.

MISC. TIDBITS

Information of interest to the majority of us is welcome. Are you publishing a book on a Bonnell/ Bunnell line? Did you find a new research tool, unknown to most? Are you having a Bonnell reunion and we're invited? (*We do not have space in the newsletter/or reunion information except to give basic, date, place, time, etc. of event.*)

While researching her Murray family in Marion, Linn Co, IA, **Oak Shade Cemetery**, in May, author **Joan England MURRAY** recorded: Two stones-

'**Jesse BUNNELL** d. 17 Jul 1871, **Elizabeth**, wife of Jesse BUNNELL b. 17 Mar 1794, d. 2 Jun 1874.' –
She says;" when I got home I checked a copy of Ruth Duncan's book and found Jesse BUNNELL on pg 147, born in the right time period who mar. a **Betsy Hyatt**. No infor. was given in her book regarding their deaths. I though some researcher may be hunting for it. "

From information sent in by **Anita Ackerman Hensen**:

1. Taken from "Pilgrims of the North Loup Valley" Burwell Neb. by Frances Clements Garrison Bliss and
2. from Bunnell-Verley Families by Anna m Cameron, 1972 from Garfield Co. Hist. Soc. Neb. (*from Garfield Co Roundup (Neb.) Vol. 1 = Ben b. 1855 d, 1923 mar; 1878 Clara Bunnell d, 1934 - no children,*

1. Ben Bunnell, who ran a shoe store for many years and know as Uncle Ben Bunnell in Burwell, has a nephew, Benny Bunnell. The nephew was known as Young Benny and was the son of Gash BUNNELL, who had gone. to Calif, to San Jacinto. He traded a stone house in Burwell for the San Jacinto Property The Gash Bunnell family consisted of Ben, Ed, Jack, Florence, Ella, Edna and Chester Bunnell

Freeman Schuyler married Florence Bunnell. They had three children: Harvey, Guy and Ella; Ella died young. In 190-, the old school house burnt down. Guy had been the last to leave the building as he went back for the new book the teacher had told him to take very good care of. He later lived in San Fernando, Calif, training horses for movie stars.

(*There are no dates on these stories but: Gash b. 1840-1923, son Benj. b. 1866*)

2. One of the Oldest of Living (year ?) Early settlers, Gerham BUNNELL, known as "Gash", according to a resident of Burwell. Gash was the elder brother of Ben F. Bunnell, owner of a shoe-repairing shop in Burwell, (Neb) and the first non-general store in town. Ben sold shoes, boots and lived with wife Clara (Benshooter), behind the store in Burwell Square They had no children;

Gerham Bunnell's sons were Jackson, B.J., Frank, and Ed BUNNELL. (Gerham) G. Bunnell had an advertisement in the Aug 1885 issue of the Burwell Bell stating he was a blacksmith.

Fred BUNNELL, a cousin of the other Bunnell's may have married Milly VERLEY at Burwell.

Ben Bunnell, son of Gash and nephew to Ben F Bunnell above, married May Trembley and had children: Grace Walter, maybe a Clarence and Little Benny. They lived across the. street from Frank Wagners in what is now called the Mendenhal House Mays father was Charley Trerobley. It was thought that the Bunnells and Verleys came from Wisconsin and many returned there.

LDS - FAMILY HISTORY LIBRARY - in Salt Lake City, Utah - is a must for a serious or curious researcher. It is like being in "Heaven" for genealogists. There are four large floors of Books, including genealogies, Films of Canada & US, Europe Floor and British Isles floor. They have filmed nearly every city, county and state, and country in the world where there is printed documents (birth, death, marriage, land, church, etc. etc.)

Make your next vacation to pass through for (at the very least) a day They are very helpful, you **do not** have to be an LDS (Mormon) member, you will not receive any religious speech or request to join this church There is no fee, except copies you make @ 5-10 cents or copies of film or fiche @ 20 cents each **Any local LDS library in your area** has the FHL catalog on CD'S to search names of book, films, authors You can borrow film through the mail to you local LDS from Salt Lake at aboift \$3.75 per film. I understand that they are quicker than they used to be (with a 5-10 day instead of 3 week wait).

County History Books - in the country of your interest: check for 'local History books' put out by Genealogy or Historical Societies in counties by the residents (some are 100 yrs old some are published from local residents as current as 1990's about

City Directories: Many city directories were published before 1900. If you are unfamiliar with them, they are like a phone book with names of businesses and people (usually naming a worker - and spouse - their place of work and home address). Some cities have them each year and you can easily track your family, or you can tell when they have left that area. Terri and I were lucky enough to find one in Seattle, 1891-2 City directory that listed a great-grandfather that we couldn't find a death for, listed in the City Directory, as having died the year before • he was a store owner. I have never seen this in a City Directory before or since, but it helped us locate date and place of death - with the date we found an obituary in the local paper, and finally the cemetery with a death certificate.

Funeral Ledger: So far, I have not been to a funeral home that did not open their books for my use. They are mostly hand written (the older ones I needed) and have names on alphabetic pages. Walking through a cemetery will sometimes be a disappointment of absent stones for your family. The ledger can also tell who paid for the lot, the service and the cost. The one I found for my Grandmother, long dead before I was born, had more than the death certificate did. Some smaller cemeteries have card files and Ledgers also. If you find one that is active (with an office open) they usually let you look through, or will look up a surname for you. And check middle names as well as the first name you knew them by, some switch back and forth.

Local & County (Library) Librarians: They are a priceless commodity. They will search for you for little cost (usually) and find things you wouldn't even think to ask for as long as your family name is on it. Make sure you always send a stamped envelope and pay the small research and copy fee as soon as requested to keep a good report going.

FROM THE EDITOR:

Here we are already on the third issue for 1997. How time flies when you're, well, you know! I keep thinking of Wm Austin and the dedication he had for 10 years. The correspondence to do this newsletter is overwhelming - just replying to letters from non-subscribers hoping we can help with their Bunnell/Bonnell lines, is more than I had ever dreamed. Which is great because it adds to the researching - and we all search in different directions - in different libraries and have access to things others don't.

I do enjoy it, don't get me wrong. Sometimes I just run short of time. But I really have a great appreciation for someone who did this for so long and the first years he wrote, published and mailed it **free-** to anyone interested!

I am still learning things on my computer each issue, trying to make it better in appearance and easier to read. Each time, I learn something new - and of course, my computer is learning new language (from me) when it mis-behaves! So it's a fair trade! ha. The hardest part of this, besides deciding what to include and what to leave out, is where to put it, as each sentence moves all the future pages when I 'insert' something after I've written most of the newsletter.

Queries: Surprisingly we are getting very few queries, and few people answering them. Maybe you are writing each other -which is good, but share your news. They are free - you can send more than one and hopefully you can connect with the other searchers on your line. I don't have all your **Pedigree Charts** or **Direct Lines** to your Bonnell - Bunnell, Burwell, etc. The best way to get help is to publish your problem ancestor. Send them it!

Change of publishing dates: I am finding, though Wm. Austin was very proud to mail the newsletter the first of Jan, April, July and Oct, it is difficult for me to get it out the end of these months. We own a topsoil business and I am caught up at the end of the. year with paperwork, April with Taxes and I also do craft and Bazaars around the holidays, so by January, I'm dead! So we will be changing the publishing dates to **FEB, MAY, AUG & NOV**, beginning with this issue. I hope. it doesn't inconvenience anyone. Most pay their 'dues' in Jan, so we'll know better who is subscribing again. Also those of you who have summer/ winter address, let us know if May should be sent to a Summer address or Winter address.

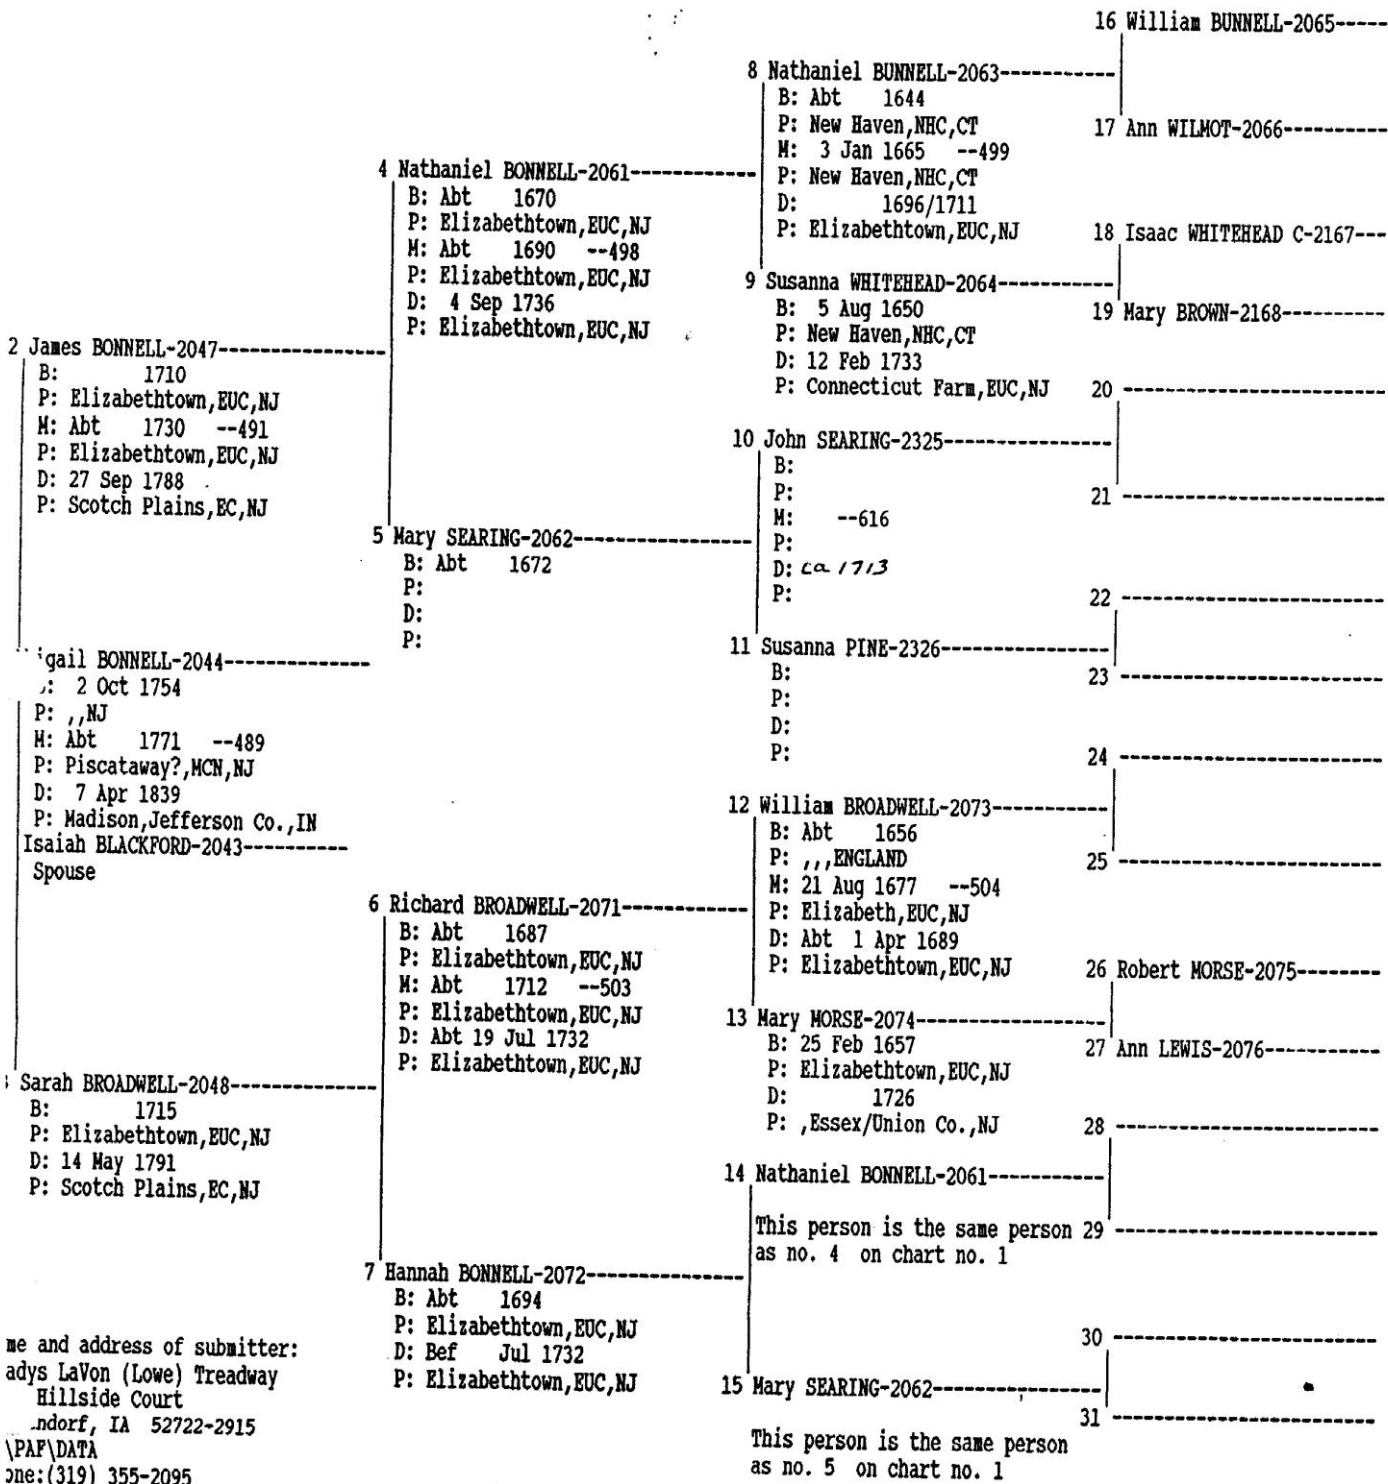

I have many *CD's of Gen. nature* if anyone is interested in a copy of the list, to be searched, send a \$ **1.00** and I'll send you a list of what I have on **CD & the Newsletter membership list**. We were going to add it to the last newsletter of the year, but it is 4 pages (of addresses) and would either use up 4 pages of research, or cost us \$ 38.40 stamps, \$48 in copies and another \$24 copying the CD), which would be over the years budget. This way only those interested will pay for it and not loose pages of the newsletter.
