From the Editor: Another year has passed by much too fast. Here we are on our final issue for 2002 (*Yes I know you received this in 2003.*) We deliberately waited, patiently hoping that someone would step up to take over the Newsletter. We had some generous offers to do an Internet Newsletter. But although that is cheaper and very valuable to people with computers and Internet servers, it eliminates the people who are not 'connected'. . It does take longer to do a 'paper' issue, but it is usually saved by the subscriber and re-read a few times before passing it on to other family members or added to their personal or public library. We didn't want a "Web page only"; and I think the people offering, understood the value of that. But we do thank them for the offers. Thankfully, we have found someone to take this newsletter over.

Please Welcome **your new Editor beginning year 2003 and Give him your Support:**

Good news! **Charlie Bunnell** of La Plata, MD had tried to reach me in Arizona while I was in Tennessee, in December to proudly watch our son, Dean A Bonnell, graduate with his Masters Degree at the University of Tennessee in Knoxville. So I missed Charlie's calls. When we came home to Washington we spoke via emails in January. He has kindly offered to take over the job of publisher beginning in 2003, as he is retiring and will have the spare time. Besides the 'paper' copy, he mentions, also, an Internet Newsletter for those who wish it, sometime in the future. The Internet paper will not replace the paper copy, but will be in addition to for those wishing it through the Internet instead of having it mailed.

Please give him the same wonderful support you've given Teri & I over the past six years. The Newsletter is a BIG JOB and very time consuming, but also very rewarding. Teri and I enjoyed the

work on it and also the research trips where we found Bunnell/Bonnell/Burnells (every spelling) in every city we always found ourselves researching. (See Teri's message elsewhere in this issue.)

Be sure to send in your important information, queries, obits, death certificates and family marriages to his address below, until he gives you another address or email to send information to. We all have tons of information that we've filed, stored, boxed up. Now is the time to drag it out, sort it and send it in to be shared with the rest of the subscribers. Get it published. As always be sure to put your name and address on EVERY page submitted. Also please put the city, county and state when submitting information or queries. Very few of us know where every city in every state.

This is the address I have now for your new Editor beginning the year 2003.

For future snail-mail correspondence, the address is:

Charles Bunnell - 9318 Farewell Ct. - La Plata, MD 20646

Email: cpbunnell@comcast.net. You can also see *his* website at: Charlie@bunnellfamily.us

Attention: Those subscribers that have paid ahead for the year 2003 to us, will be paid up with Charlie for 2003. A few of you have paid for the year 2004, that will also be sent to Charlie. Those subscribers paid ahead will have their names listed in THIS issue. If you believe there is an error, please contact us by mail or email as soon as possible.

If you have changed your mailing address, email server or if you no longer wish your email published - Let him know!

As I mentioned in the last issue, this will be my last issue as an editor of this newsletter. Happily, it won't be the last issue for this Newsletter. Although I will continue to be a subscriber, I have come to a time in my life of great transitions. It's time to spend time with my personal family. That has always been very important to me. Also, the health of my husband, Larry, and his fight with cancer is a big concern. He was diagnosed with it January 2002. We went to Mayo Clinic in Scottsdale Arizona for a second and confirming opinion. (Hoping, against hope, that they were wrong). We've had some scary moments and emotional days spent in hospital emergency rooms and transfusion clinics. As a result, I have been very distracted and have not been able to devote the time it takes for this Newsletter.

Thankfully, my wonderful friend and sister-in-law Teri, who is always ready to help, jumped in and did the issues while I was unavailable. I need to thank her and let her know that much of what I do, could not have happened without her help. She is someone who is ALWAYS there for me, to lend a hand, mail a forgotten item from Washington to Arizona, to encourage me when I am overwhelmed, or lend a shoulder to cry on when I am grieving. I want her to know how very much she is appreciated. This family was lucky when you joined it.

We will also cherish the time we can now spend with family and friends, doing some of the things that have taken a back seat to the Newsletter over the past six years. Another change is the fact that our son Dean moved to Tennessee in June 2001 to go back to college and complete Graduate School. Upon his December 2002 graduation, he was offered and has taken a job in Knoxville Tennessee where he and his wife, Carmen (Goodwin), and our three grandkids, Fletcher, Tabitha and Meara, will live for a few years. Although we did spend ten days with them in December, the time was cut short for medical reasons and we miss them terribly. So, time will be spent traveling to see them

as often as possible. There are also some other projects I've put off until later - well, it's now 'later' and time to get to them.

Please know that I loved doing this job and will always be grateful to past editor, William Austin, for giving me the chance to try. With his and Claude Bunnell's help, Teri and I feel proud to have produced issues that published an enormous amount of information that we have all gathered to connect and prove and disprove relationships, share family histories, strengthen our family units and show the blending of so many people, countries, cultures and professions. Editors and Subscribers both can all feel proud of this. You have all contributed in your own ways; some sending in information to be published, correcting published information or helping to defray the cost of this publication by paying your yearly donation for postage and copies, which enabled us to keep publishing this newsletter.

Our genealogy and family research has brought families together connecting the generations and pulling out those all but forgotten childhood memories of our parents and grandparents. We've learned to prove what we believe to be true and take the time now to document our own lives for our future family historians. For myself, whose grandparents on both sides were gone before I was born, it brought them back to life for me to know. I am sorry I never knew them. And I'm sorry for the time we didn't have together. But am, on the other hand, so grateful that I began family history and genealogy, gathering the information that would inspired me to learn all I could about how they lived, loved and endured hardships. To leave their homes, their countries for good; saying goodbye to all friends and relatives, leaving much behind, taking their most prized possessions and travel to somewhere months and miles away just blows me away!. Most had no job, home or even a promise of a better life waiting at the end of their journey.

Wouldn't it embarrass them to know that I don't leave home without a confirmed travel reservation getting me there, a warm room, food on arrival and money or credit enough to ensure my safe return home, should I tire of this place after my arrival. It will always amaze me, how people could leave their homes, jobs, families and all they care about to travel in dirt, dust and muck, scale mountains and trudge rivers, fear unfamiliar Indians or strangers along the way and shortages of food, water and shelter to start a new life. Some never to see their parents, brothers and sisters or even children ever again. How spoiled we've become. And, how fortunate we are, to have Ancestors who cared enough to change their lives making it easier for us. And lucky to be able to find them with the research available to us today. And of course we are so lucky to have been born to them, with a drive to want to know them better....the good and the bad.

I thank all of you for having had faith in us all these years to produce a paper you eagerly wait to receive. And for all of you that are still stumbling with your research, it does get easier. You need only ask for help from another researcher. Genealogists, on the whole, are the most giving and helpful of people. Today there is so much information on the Internet, in libraries and big and small towns for us to access. Enjoy the tromp through cemeteries and courthouses and get acquainted with your local genealogy societies and do attend some seminars. You will be amazed, entertained and thrilled by what you learn from others. I go away from these wondering; "Why didn't I think of that?" I've *even* gone away from a seminar, wishing I had been somewhere else. And DO write down your family history for others to read in the future. Do it now! All this research left in file drawers will help no one. Some will even be thrown out after we depart this world. If you do nothing else this year, write a chapter on your family and share it with your family, library, genealogy society.

Share your family history and research with your children and grandchildren. They'll take more interest in their geography and history lessons in school if they know some of their families lived in these places. Get them interested in their past, your past. The younger generations are also a whole lot better with the computers than we are. Tap into that! We can always use another family historian!

My family of seven brothers and one sister were never so quiet and enraptured as when my sister-in-law, Julie Guthrie, made up a booklet of many older family photos with added research we'd gathered on our family. She gave them as gifts for Christmas one year, one to each family. They read stories I'd gathered from a great grandmother of her trek across from Chicago to Iowa in 1870. She wrote in her biography, in the 1920's, mentioning *black bird pie*. I had always thought that was only a poem. They saw copies of handwritten letters, signatures on wedding and birth certificates of long past grandparents. They compared how they and their children shared physical characteristics, occupations and hobbies with these ancestors many who lived 200 or more years ago.

I look forward to relaxing with future issues from the next editor and wish him much luck and support from all of us. I hope, in a year or two that he will still be excited that he took over this position. I really feel, as William Austin did, that this is a worthwhile publication that can help many. If we all continue to send in our personal stories, genealogies and vital records, we will all benefit from connections with other researchers. Never again, when asked if I'm related to someone with a different spelling of our last names will I hastily say, "No, we spell it different." I know better NOW!

A Note from Teri: The newsletter has been a very positive experience for me. I am sad to be ending it but at the same time glad. I have so many things I want to do. I will be able to give more time to my own research, hobbies, family and the travel & boating that Bob & I wish to pursue. "Thanks", to all of you for your total support and contributions. You have and did make this newsletter, Carole and I only put it together and filled in the empty spaces. I have truly enjoyed your letters, emails, requests and general communications.

I want to say "thanks" to Chester S. Bunnell and Donald H. Bunnell for the great stamps they sent. And to many of you that have sent stamps in the past. I really have enjoyed adding them to my collection. Your thoughtfulness is very much appreciated and the thrill of receiving them beyond words.

Congratulations to Charlie !!!, I wish them all the best in his new element. He is quite wonderful to speak with and exchange email, please feel free to do so. I dearly hope you will support him as you have Bill, Carole & I in the past years.

I wish for each and every one of you: continued discoveries while pursuing your genealogical lines. May you find that elusive ancestor and be thrilled with each new mystery that you solve. Teri :)

Date: 2 Feb 2003 Email from Charlie Bunnell to the subscribers of the newsletter:

We (Charlie and Pat Bunnell) had just started a Bunnell Family web page when we decided to become the editors of the Bunnell/Bonnell Newsletter. Our goal is to morph the Newsletter into a web based product **and** continue the printed product for those researchers who don't have web access. The newsletter will continue to be available only to members, but will be available on-line via a password. We also want to make as many past issues available as possible. Further down the road we hope to set up a discussion page where one member can pose a research problem and other members can provide their thoughts and recommendations.

<http://www.bunnellfamily.us/files.htm> #sites.

I plan on adding each of your e-mail addresses to the links portion of that page (scroll down). If you do not want your e-mail address there, please let me know. If you'd like a sentence or two written up, please send it to me.

My e-mail address is changing from cpbunnell@aol.com to [cpbunnell@comcast.net](mailto:cpbunnell@comcast.net).

Some of you may not recognize/remember my e-mail address, but each of you have some common interest with us in genealogy, the 185th NYV, or local history in Tioga County.

**Researching: Bunnell, Everett, Dickinson, Doney, Livermore, and Hollenbeck concentrating in the Tioga/Broome County area.**

Thanks, Charlie & Pat Bunnell 301-392-3899 La Plata, MD

### Alfred Bunnell

I am searching for proof that **Alfred Bunnell** was the son of **Ephraim Bunnell**. Ephraim was born in 1797 in Mason County, KY, moved to Warren County, Ohio, and married Martha (Patsy) Biddle Price, a widow, in Warren County on March 15, 1827. On January 18, 1827, **Alfred Bunnell** was born in Warren County. Martha Price was the widow of William Price and had 3 children with him before he died. One of these children was Permelia, born about 1820. In 1828 Ephraim and family moved to Montgomery County, Indiana, where they lived and had the following children: Elizabeth, Harriett, Martha Ellen, Ephraim and Veasey. Ephraim Sr. died on March 9, 1868 in Waynetown, Indiana, about a month after Alfred, who died on February 5, 1868. Alfred married Catherine J. Edwards on October 4, 1849 in Waynetown. Any and all information regarding this family would be appreciated.

Hi Carole,

I been meaning to send you this query, but been so busy with other things that it slipped my mind.

I have hit a brick wall with this, so hopefully someone may be able to help me. I am searching for the date of death and burial place for **331813 John Henry Bunnell** born 27 February 1853 in Cambridge City, Wayne, IN. He probably died sometime in the mid 1920's as his brother **331817 Edward Bunnell's** obituary (30 Oct 1929) stated the only surviving brother was **331820 Charles Bunnell**.

To give a little more info on **John Henry Bunnell**, if it would help to locate him, is some members of this line decided to add a "e" to the **Bunnell** name making the spelling **Bunnelle**. **John Henry Bunnell** was one that added the "e" to the name as his three children were born using the **Bunnelle** spelling. The reasoning for this "e" addition is quite unclear and unknown why some of the family did this. **John Henry Bunnell** had married Eliza Kerchival (born Oct 1857) on 24 Dec 1877 in Covington, Fountain, IN. The 3 children from this marriage were: **Maude Elsie Bunnelle** (born 5 Oct 1878 Covington, Fountain, IN) **Bess Caroline Bunnelle** (born Apr 1882 Ohio) and **Isaac Harbert Bunnelle** (born 13 Dec 1886 Covington, Fountain, IN and died 12 Jun 1934 Rankin, Vermilion, IL)

The last known area **John Henry Bunnell** was living at was in Rankin, Vermilion, IL on the 1920 census. He had remarried at this time.

I had hired a genealogist living in that area to see if they could locate him, without any luck, as he must of moved in his later years. I also contacted **Jean and Jack Bunnelle** (Grandsons of **John Henry Bunnell**, Sons of **Isaac Harbert Bunnelle**) with no luck as they never knew any information on their Grandfather.

If anyone could help me with this, it would greatly be appreciated.

Carole,

My brother, Louis Coryell, and I, Pamela Walling, are working on our family genealogy. Lou asked if we can possibly obtain copies of past newsletters that I do not have right now. The earliest copy that I can find is Volume 15 Number 3, from August 2001. Please let me know if we can purchase copies before the August 2001 copy. (FYI from Carole: You can purchase past issues Vol 11 # 1 - Vol 16 # 4 = 1997-2002 Published by Carole & Teri Bunnell, from the address on this newsletter. The issues published by Wm Austin Vol 1 - 10 = 1987-1996 can be ordered from him at the address for him in this issue).

We would also like to have you add our email addresses to the list in the newsletter:

Pamela Ruton Coryell Walling : bsktsbythesea@yahoo.com
Louis A. Coryell : lacoryell@comcast.net

I have enjoyed finding out about my mother's, Alice Ruton Bunnell, family and all of the people in her dad's family. Many thanks to Claude Bunnell for all of his work in helping us.

Thanks again, Pam Walling

### **BUNNELL, Noah L.**

The life record of this venerable citizen of Moran, Owen Township, is one of interest and instruction, for it has been active, always so modulated as to be of the greatest service to those whom it touched. **Mr. Bunnell** has lived to see the transformation of a great country from the primeval forests and the wild prairies and he has performed well his part in this work. He is one of our oldest native born citizens, and most all of his nearly four score years have been spent here; devoted to farming and merchandising. He grew up amid pioneer conditions and it is indeed interesting to hear him relate incidents of those early days, of the different customs and manners prevailing then, of the hardships and privations, of the wilderness filled with wild animals, and many things unknown to us of the present generation.

**Noah L. Bunnell** was born January 20, 1834, near the village of Jefferson, Clinton County. He is a son of **Noah and Catherine (CONLEY) BUNNELL**. The father was born in 1796 in New Jersey where he spent his early years, finally removing to Ohio then to Clinton County, Indiana, where he began as a typical frontiersman, erecting a log cabin and clearing and developing a farm, and there he spent the rest of his life, dying in 1871. He was a wheelwright by trade at which he worked in his earlier years, finally devoting his attention to farming. He was a soldier in the war of 1812. His wife was born in Maryland in 1800, and her death occurred in 1875. To these parents five children were born, **Noah L.**, of this review, the youngest, Harriet, James, Seneca and Mary, all four deceased.

**Noah L. Bunnell** grew to manhood on the homestead near Jefferson and there he found plenty of hard work to do when a boy, and he received a meager education in the old-time rural schools. He married Julia A. BELL, who was born in Ohio in 1839. She was a daughter of William and Mary (HAMILTON) BELL, and to this union five children were born: Mary C., James, Elver, Clyde and Thomas (deceased).

**Mr. Bunnell** began life for himself on a farm where he remained until 1864 then entered the mercantile field at Kilmore, Clinton County, where he remained three years, then went to Lafayette, where he remained in the same business until the Vandalia railroad was built through Clinton County, whereupon he returned here and laid out the town of Moran. Owen Township, which was first called **Bunnellsville**, after our subject, but later was named Moran. **Mr. Bunnell** has remained at this place ever since and has built up a large and lucrative trade with the surrounding country, his store being a favorite gathering place for the people of this vicinity in their spare time, for they have always received honest, fair and courteous treatment at the hands of our subject. He carries an up-to-date stock of general merchandise at all seasons and his prices are always (sic) reasonable. He is also owner of a valuable and productive eighty acre farm adjoining Moran, on which land **Mr. Bunnell** has a pleasant and well furnished home. At present he is assisted in his store by his son, Elver.

Politically, **Mr. Bunnell** is a Republican and has always been faithful in his support of the party. Religiously, he belongs to the Methodist Episcopal Church.
